

IWCB In-Wall Closed Box Theater Speakers

Audiophile Sound Hidden in the Wall!

Atlantic quality and innovation at its best! The IWCB Series are totally-enclosed in-wall speaker systems that mount as easily as a conventional in-wall speaker using familiar, tried-and-true mounting methods. But Atlantic's IWCB is better, because it has its own solidly-built, custom-optimized enclosure to ensure great sound. This speaker has all the terrific sonic performance of our award-winning free-standing speakers, and the invisibility of our popular in-wall speakers.

IWCB-52

IWCB-525

IWCB-626

Features

- Atlantic's renowned 1" soft dome tweeter
- Sound-optimization controls for HF level, boundary compensation and directivity
- Separate frame, speaker cabinet, and grille for painting/ installation convenience
- Punchout for use with popular IR Mini Receivers*

*IR Receiver not included
