

# Discover great sound again

## BLU Series

**First, take a moment to listen** and discover a sense of realism you've not heard before. You will soon hear things you've never heard before, even if you know the movie or song by heart.

Now take a look at what appears to be a very simple speaker. You'll be amazed that this kind of incredible sound performance can come from such a simple yet elegant speaker design.

TruAudio's new BLU Series are being praised as the most versatile and affordable floor standing loudspeakers on the market. From a small bookshelf music system to a rumbling home theater, these speakers are designed to easily perform to today's audio and video standards.

You now can enjoy home entertainment at a whole new level, a level where you're not sure where it begins or where it ends.

<i>Midrange:</i>	6 1/2" aluminum
<i>Tweeter:</i>	1" soft dome aluminum
<i>Power:</i>	5 - 150 watts
<i>Impedance:</i>	8 ohm
<i>Frequency Response:</i>	40 - 20k Hz.
<i>Sensitivity:</i>	90 dB
<i>Cabinet Finish:</i>	PVC wood look finish
<i>Colors available:</i>	Natural and Black
<i>Grill:</i>	Cloth material
<i>Finish dimensions:</i>	40 1/4" H, 9 1/4" W, 12 5/8" D

## BLU-5C

<i>Mid-bass:</i>	Dual 5 1/4" aluminum
<i>Tweeter:</i>	3/4" soft dome aluminum
<i>Power:</i>	5 - 120 watts
<i>Impedance:</i>	8 ohm
<i>Frequency Response:</i>	61 - 20k Hz.
<i>Sensitivity:</i>	90 dB
<i>Cabinet Finish:</i>	PVC wood look finish
<i>Colors available:</i>	Natural and Black
<i>Grill:</i>	Cloth material
<i>Finish dimensions:</i>	6 3/4" H, 22 1/4" W, 7 1/4" D

## BLU-5S

<i>Mid-bass:</i>	5 1/4" aluminum
<i>Tweeter:</i>	3/4" soft dome aluminum
<i>Power:</i>	5 - 120 watts
<i>Impedance:</i>	8 ohm
<i>Frequency Response:</i>	67 - 20k Hz.
<i>Sensitivity:</i>	89 dB
<i>Cabinet Finish:</i>	PVC wood look finish
<i>Colors available:</i>	Natural and Black
<i>Grill:</i>	Cloth material
<i>Finish dimensions:</i>	13" H, 6 3/4" W, 7 1/4" D

## ■ Subwoofers (sold separately)

<b>CS-8</b>	8" Cellulose composite material
<i>Driver:</i>	100 watt RMS internal amplifier
<i>Power:</i>	35 - 180 Hz (+3dB)
<i>Frequency Response:</i>	108 db SPL @ 1meter
<i>Sensitivity:</i>	60-180 Hz cont. variable low pass
<i>Crossover:</i>	13" H, 12" W, 13 1/2" D
<i>Finish dimensions:</i>	Black or White, light textured
<i>Available Colors:</i>	

<b>CS-10</b>	10" Cellulose composite material
<i>Driver:</i>	150 watt RMS internal amplifier
<i>Power:</i>	32 - 150 Hz (+3dB)
<i>Frequency Response:</i>	110 db SPL @ 1meter
<i>Sensitivity:</i>	50-180 Hz cont. variable low pass
<i>Crossover:</i>	14" H, 13" W, 14 1/4" D
<i>Finish dimensions:</i>	Black, light textured
<i>Available Colors:</i>	

<b>CS-12</b>	12" Cellulose composite material
<i>Driver:</i>	200 watt RMS internal amplifier
<i>Power:</i>	30 - 180 Hz (+3dB)
<i>Frequency Response:</i>	113 db SPL @ 1meter
<i>Sensitivity:</i>	50-180 Hz cont. variable low pass
<i>Crossover:</i>	16" H, 14 1/4" W, 15 3/4" D
<i>Finish dimensions:</i>	Black, light textured
<i>Available Colors:</i>
